

# Blanking plug B-1/2-20

Part number: 534216

FESTO

## Data sheet

| Feature                                 | Value                                     |
|-----------------------------------------|-------------------------------------------|
| Type of mounting                        | Internal hexagon, AF 10                   |
| Conforms to standard                    | DIN 908                                   |
| Type code                               | B                                         |
| Pack size                               | 20                                        |
| Nominal tightening torque               | 14 Nm                                     |
| Tolerance for nominal tightening torque | ± 20%                                     |
| Product weight                          | 43 g                                      |
| Pneumatic connection 1                  | External thread G1/2                      |
| Note on materials                       | Free of copper and PTFE<br>RoHS-compliant |
| Blanking plug material                  | Steel, galvanized                         |
| O-ring material                         | PA<br>TPE-U(PUR)                          |
