COMMERCIAL AND INDUSTRIAL GRADE RECEPTACLES

PlugTail® Receptacles

CONNECT WITH THE FUTURE

In the world of commercial wiring device installation, it's all about flexibility. For years now, PlugTail® electrical wiring devices have been providing that flexibility in commercial buildings everywhere. Easy to install, change out and upgrade, PlugTail allows you to continuously reconfigure to

meet a building's electrical requirements as the space transforms – without the time and expense of rewiring.

It's a cost-effective, code-compliant, proven way to keep your customers connected to the future, while securing your reputation as a forward-thinking electrical contractor.

Connect with the product line that keeps growing.

From sensors to switches, standard and controlled receptacles to surge protection devices. The constantly growing PlugTail family has you covered on every conceivable commercial job:

- Devices install in less than a minute
- No preparing, stripping, looping or taping
- Meet NEC® and Energy Code requirements
- Makes changeouts and upgrades quick and easy

Happier installers. Happier customers. Because PlugTail installation's a lot easier on the knees and fingers, installers benefit. And because it makes it easy and affordable for customers to transform their building layouts without expensive rewiring, they're happier, too.

COMMERCIAL GRADE RECEPTACLES

Hard Use Specification Grade Tamper-Resistant Receptacles 15 & 20A, 125V

Features

- Dual mechanical shutter system to help prevent insertion of foreign objects.
- Auto-ground clip assures positive ground.
- Easily accessed break-off line-contact connecting tab for fast and easy split-circuit wiring.
- Backed-out tri-drive brass terminal screws for faster installation. Internal screw-pressure-plate back and side wire capability. Two back wire holes for additional wiring flexibility.
- Corrosion-resistant plated steel strap is locked in to face and back body to resist pulling away from the face/body assembly.
- .032 inch thick brass triple-wipe power contacts.

- Two drive screws anchor steel strap to back body and face where abrupt removal torque is greatest.

PlugTail® Features Only

- .036 inch thick, brass, triple-wipe power contacts for lasting retention.
- Plated steel wrap-around strap design for maximum durability and corrosion resistance.
- No exposed terminals create a finger safe application before, during, and after installation.
- Built-in connector features large brass terminal blades to ensure consistent, reliable electrical connections.
- Crimped and welded contacts.

- Ultrasonically welded polycarbonate connector housing secures terminations and conductors in a UL Listed, finger safe housing.
- Large brass contacts snugly terminate on device blade terminals.
- Pre-stripped connector leads fasten to conductors, easier than standard pigtails.
- Auto-ground clip assures positive ground.
- **PlugTail devices** install up to 5 times faster than traditional.
